Province: Western

District : Colombo

Divisional Secretariat: Thimbirigasyaya

Town/Place: Maradana

05. Year in which the proposed project will be initiated:

Year : 2026

Month:

Date:

06. Year in which the proposed project will be completed

Year : 2027

Month:

Date:

07. Basic objects of the project (in brief):

Rehabilitation of Old Reservoir in Maligakanda premises and reduce leakage to enhance the water storage capacity of the reservoir.

08. Benefits to the people after completion (results)

This Old Reservoir has functioned without leaks for more years previously. However, in the recent past reservoir was operated at half of its capacity due to significant leakage. Hence, it will be able to enhance the water capacity to provide continuous water supply to the Borella Area.

09. Nature of impact on affected groups (advantages / disadvantages):

In Maligakanda premises, there are three reservoirs with the total capacity of 71600m³ which is supplying of safe drinking water to Colombo city. But, there is a rehabilitating neediness with old reservoir (13,600m³). It is very critical and important to be rehabilitating this reservoir, because this reservoir distributing up to 18% as a percentage and it is main reservoir providing water of National Hospital.

10. Date of notification to affected groups: N/A
